- js
- DOM

web2.0  
2004 - 2008

- DOM
- Ajax
- jQuery

2008 - 2015

- V8
- Node.js
- MVVM/MVC
- /SPA

2015 - 2020

- React
- NodeOS
- ReactOS
- Electron
- serverless
- lowcode/nocode
- WebAssembly

A horizontal sequence of six identical rectangular boxes, each defined by a thick blue border and no internal content. To the right of this sequence is a large, dark blue question mark.

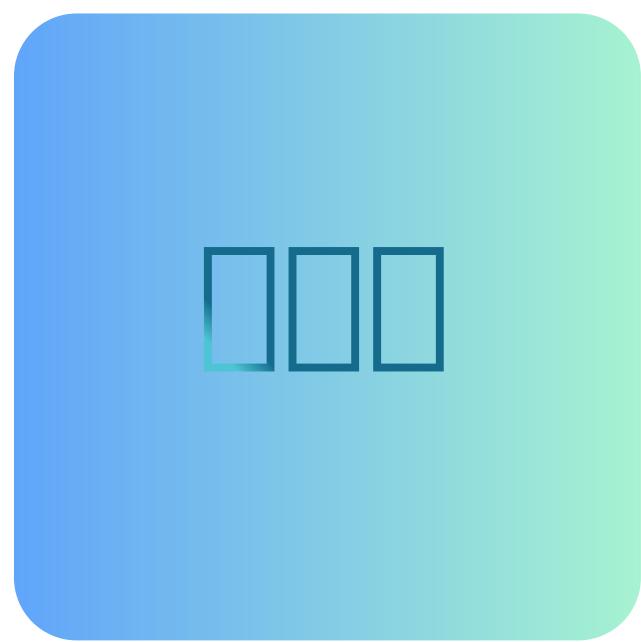

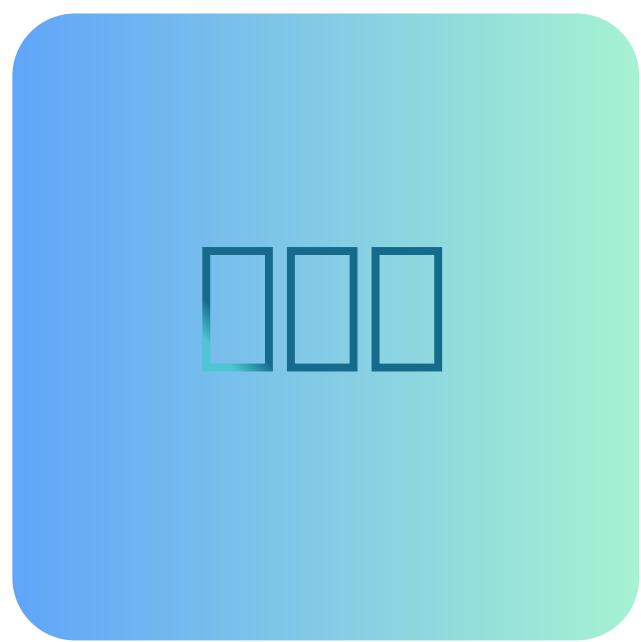

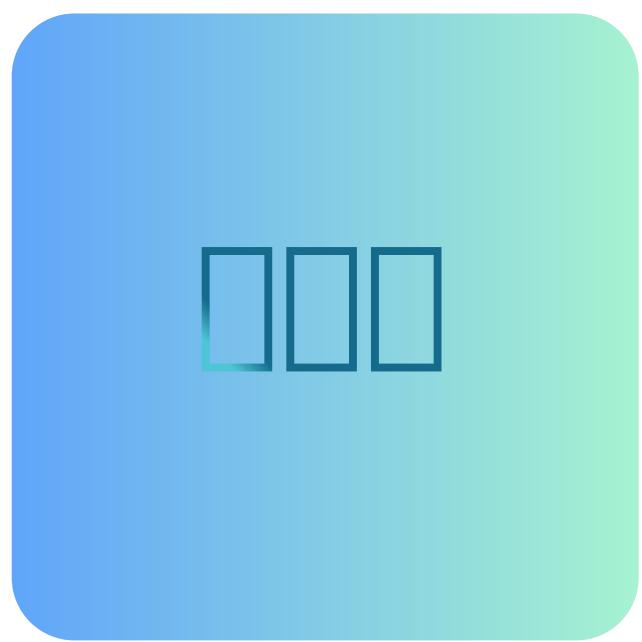

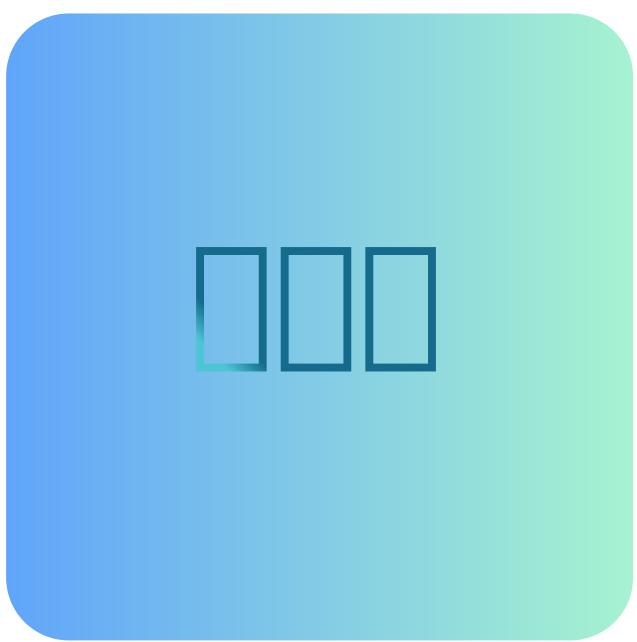

The only constant in the world is change.

A horizontal row of twelve empty rectangular boxes, each with a thin black border, intended for children to draw or write in.

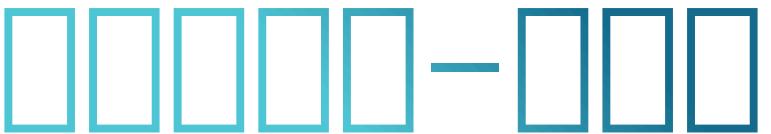

-  JS
  -  Web App
  - 

A horizontal sequence of eight identical rectangular boxes, each defined by a thick blue border and no internal content. To the right of this sequence is a single, large, dark blue question mark.

1

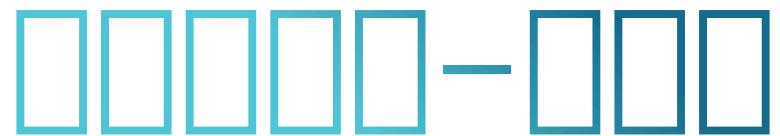

A horizontal row of 20 empty rectangular boxes, likely for a survey or form.

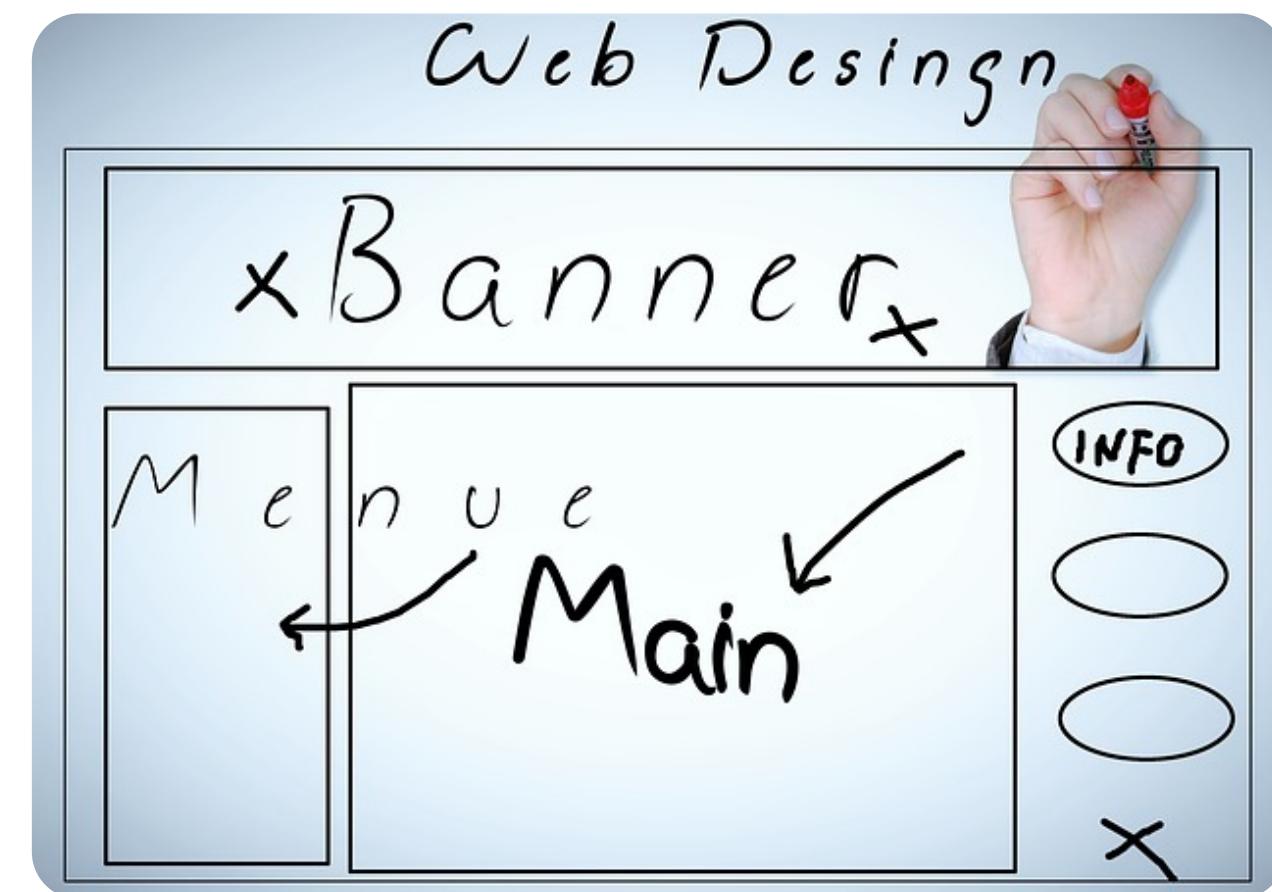

The screenshot shows two side-by-side web pages. On the left is the **Node.js v16.5.0 documentation**, specifically the 'Table of contents' page. It lists various modules and add-ons, such as Assertion testing, Async\_hooks, Buffer, C++ addons, C/C++ addons with Node-API, C++ embedder API, Child processes, Cluster, Command-line options, Console, Crypto, Debugger, Deprecated APIs, Diagnostics Channel, and DNS. On the right is the **webpack v5.45.1** documentation under the '概念' (Concepts) section. This page provides an overview of webpack's architecture, mentioning entry points, output, mode, loader, plugins, configuration, modules, dependency graph, manifest, targets, and hot module replacement. It also includes a brief introduction to the core concepts of webpack.

DOM DOM web  
ReactNative Weex.

The diagram illustrates the Document Object Model (DOM) as a grid of rectangular boxes. The word "DOM" is centered in the grid. The grid consists of two rows of 15 boxes each. The top row contains 15 empty boxes, and the bottom row contains 15 boxes, with the central one containing the word "DOM". This visual representation emphasizes the hierarchical and structured nature of the DOM.

## Virtual DOM DIFF

# - React or Vue ?

# JavaScript – 基本概念

Four empty rectangular boxes arranged horizontally, intended for handwritten responses.

# Jquery

A horizontal row of six empty rectangular boxes, likely for handwriting practice or labeling.

Four empty rectangular boxes arranged horizontally, intended for the student to write their answers.

Four empty rectangular boxes arranged horizontally, intended for handwritten responses.

三

A row of five empty rectangular boxes, each with a black double-line border, intended for handwritten responses.

1

Four empty rectangular boxes for writing, arranged horizontally.

# Github
